

Spirit Lake too much for the young Jags.

Injuries and youth took a toll on the Jags Friday night. The Jags upset the #2 ranked Indians last year and the Indians wanted their revenge and got it Friday night.

Coach Swieter does not want to make excuses. Spirit Lake was the better team and they came out from the get go and were aggressive and we were not.

The Jags have been hit with injuries and that did not help matters because that has put even more young kids on the field and that makes it very hard going against big teams like Spirit Lake.

The Jags Started 2 Freshmen and 6 Sophomores on Defense and 1 Freshmen and 5 Sophomores on Offense. Very hard in Class 2A to put that many young kids on the field but that is what we have to do so we need to get healed up fast and get right back to work this week.
